**1. Mikimoto** - My taste in jewelry is very simple and minimal, but my heart skipped a beat when I saw the Mikimoto Baroque Collection, South Sea golden pearl, pave diamond vine necklace. The pearls are united with an organic, yet intricate design with the diamonds.

**2. Aquazzura** - I'm a huge fan of Aquazzura shoes and this season's Winston flat, pink, silk mule with crystal embellishment is one of my favorites. It's a classic day-to-night, fun shoe that works with jeans or dresses.

**3. Lamborghini S.U.V.** - I looked, the Urus looked back, and it was love at first sight! I truly love the new 2018 Urus by Lamborghini because it visually stands out from other SUVs. It is understated and elegant in a modern way. And yes...it drives amazing.

**4. Alexander Calder** - This amazing hanging mobile, created by one of the most iconic American artists of the 20th century, just came available at a Christie's auction. Made out of sheet metal, it is perfectly weighted to create asymmetrical balance. I can't imagine anything better over my dining table.

**5. Armand de Brignac** - Also called Ace of Spades, this is the champagne company Jay Z purchased after he and Crystal parted ways. I was apprehensive thinking it would be just another gimmicky licensing product, but after tasting it, I gave it a thumbs up.

**6. Klismos Chair** - The ancient Greeks designed the original Klismos chair and today it has been reinvented and modernized by Scala Furniture. Made to fit modern proportions, this hand polished brass chair looks so dramatic but the leather woven seat straps make it comfortable.

**7. Amangiri** - Set within miles of Utah Navajo private land, with stunning ancient scenery, there is nowhere better to run off to for "me time". The rooms at this Aman hotel are simple, modern perfection. The food is outstanding, the service seamless, and except for the other 22 guests, you will see no one for days.
